HOW YOUTH FORUM WORKS

Students from same schools will be split into 6-10 different groups in the morning to create dialogue from all the different backgrounds and experiences.

When your table is assigned a topic, work with the group to develop a consensus of feelings, opinions, emotions, problems, and/or solutions for presentation to the other groups.

Find a “secretary” from your group who will record your ideas. Use the large paper and marker pens provided. Feel free to write, act, draw or use any medium in front of the larger group.

*This is not a test * There are no grades * There are NO right answers*
